"JEFFERSON FLOUR"

To Flash Forth On the Largest Electric Sign in Maysville.

The M. C. Russell building, corner Third and Market streets, is to have placed on its corner, the largest and most costly electric sign in this city and the first of such signs in Third street.

"JEFFERSON FLOUR" will compose the two words of the sign, the first word being displayed vertically and the second word horizontally. The huge sign will contain over 250 lights and will cost about \$550.

"Hill's Electric Shop" people are installing same.

When it is erected and lighted the big blaze will change the night scene at Third and Market.

FALLEN POLE

Strikes Street Car Injuring Several People—Wind Caused Almost Serious Accident.

Last night about 8:30 o'clock just as motorman Stewart reached the Dietrich Green House he had a peculiar accident. A pole bearing the current wire had been blown out of its position. The trolley caught the wire, caused the pole to swing to the rear of the car where it entered and passed diagonally up through the roof. A Mr. R. A. Ellis, of Richmond, Ind., stockman, got his right leg skinned and bruised; Mr. Roy Cochran had one of his fingers smashed. Mr. H. L. Walsh and little daughter narrowly escaped being hit by the pole as it swept to the rear. Mr. Beecher Holiday and his crew were soon on the scene and had the damages repaired.

Unless prevented by rain, the Baptist Sunday School will spend tomorrow at Owens' woods, on the Clark's Run road. There will be plenty of every-

thing for the comfort of all who attend—especially for the cats and amusement committee representative. All those who are going in the morning will meet at the Baptist Church by 7:30 a. m. Free transportation.

Farmers, Look!

The important feature of any transplanter is the valve mechanism. Examining the Improved Tiger. The valve on this transplanter has a flat rubber cut-off and 1 1/4 hose that insures plenty of water. The Tiger makes the farmer absolutely independent of the weather. He sets his tobacco when he gets his ground ready and it makes no difference whether the soil is dry or moist. This machine was designed primarily for the purpose of enabling the farmer to transplant, irrespective of seasonable conditions. At the same time, it is constructed to make planting more rapid and accurate. You can't go wrong in buying a Tiger. They will "deliver the goods." If you are too busy to come in, phone us and we will give you the names of some of your neighbors who are delighted Tiger owners.

THE BLESSED RAIN

Last Night's Downpour "Worth a Million Dollars and It Didn't Cost a Cent."

The first good, "cold soaking" rain since Robinson's circus blew into Maysville four weeks ago, visited this vicinity last evening about 8 o'clock and for over half an hour the down-pour made the ground rich and the longest faced old hayseeds grin with satisfaction. Believe me, it was some rain and filled a long-felt want, besides making the much-needed tobacco planting season which Mason County has been praying for.

This morning over a thousand people

are sticking tobacco plants in the moist earth in Mason County alone. It also helped to save the hay crop. Now everything out of doors in the growing line is on the jump for the bumper finish at "Harvest Home" time.

The man who runs away today may live to run away again tomorrow, whereas he who is located in a small grassy plot custom tailored specially for him remaineth there indefinitely—Philadelphia North American.

Capt. Richmond P. Hobson says whisky causes 3,000 men to murder their wives each year. He should now be frank and show what proportion of those whisky-soaked wife murderers live in prohibition States—Courier-Journal.

Even Democratic papers are admitting that business is bad and men are idle. The New York Times has made the statement that "in the middle states there are a million idle men with an average loss of \$50,000 a day in wages." As an instance of this, in Chicago, it has been proposed to appropriate a million dollars to relieve idle wage earners.

NEW HOUSES AND HEALTH.

New houses are constantly offered for rent in large numbers in the United States and real-estate agents are naturally anxious to fill the houses on their lists with tenants as soon as possible. Probably a little investigation would show the desirability in this country of requiring a certificate that a new house will not endanger the health of its occupants before families are allowed to move into it. Such municipal regulations are proving valuable in England. Toward the close of 1912 the Portsmouth (England) corporation decided that thereafter no new building intended for human habitation in that borough should be occupied until it had been certified as sanitary in every respect. Dr. A. Moar Fraser says: "The principal evil that it will prevent is the occupation of houses before they have had time to dry." He adds: "I would far sooner live in a house with defective drainage than in a damp house; the results from the latter are more insidious in their onset and more difficult to overcome. Dampness undoubtedly greatly favors the incidence of consumption, bronchitis, rheumatism, heart-disease and diphtheria. Probably children are more susceptible to the ill effects of damp houses than adults." The department of health of our cities might well take up this question, says The Journal of the American Medical Association. Probably most American municipalities already have the legal power necessary to require such certificates and the question is only one of making the regulation and establishing the custom.

Reports indicate that potatoes are another food product which foreign countries will grow for Americans under the Democratic tariff law.

BUT ARE THEY?

In this connection it is well to note that Mayor Swinford has served notice that speed limit regulations must be rigidly observed in Cynthiana—Cynthiana Democrat.

"BIG OLLIE" HAS SOME SUITE.

The elaborate suite of three rooms on the first floor of the Senate Office Building occupied by the late Senator W. O. Bradley have been assigned to Senator Ollie James, and the Kentuckian will move into them this week. Senator James now maintains his office, consisting of two crowded rooms, on the third floor of the building. His new quarters are regarded as the most convenient, coolest and best lighted and ventilated in the Senate office building.

HOME FIRE INSURANCE COMPANIES.

The fire insurance situation in Kentucky is having at least one good effect. It is inducing the formation of a number of new fire insurance companies in various parts of the State.

A dispatch from Lexington tells of the probability of a company being organized there by James B. Haggins and other men of capital. A new company is beginning operations at Paducah and another is in process of formation at Hopkinsville. There are a number of companies already in existence with headquarters in Louisville, Lexington and elsewhere.

There is absolutely no reason why the people of Kentucky should not keep at home at least a considerable amount of the money that is being paid out in premiums to foreign insurance companies. This money kept at home would contribute in great degree to the prosperity of the Commonwealth. Certainly the people of Kentucky do not lack the means or the business ability to institute and maintain companies for the purpose of protecting their own property and the property of persons in other States.

Public attention evidently is being directed to this feature of the situation, and men of wealth and commercial influence are beginning to see the possibilities of made-in-Kentucky insurance organizations. As a public benefit and as a source of profit the home-formed company is eminently worth considering at this particular time.—Courier-Journal.

"Beautiful nurse you have."
"Is she?" murmured the patient feebly. "I hadn't noticed."
"Great Scott, old man, I had no idea you were so sick."

THE CITY MISSION

Gratifying Report of Work Done—Miss Hurd's Resignation Regretted—Industrial School Suspends For Summer.

The Board of City Missions met in regular session on Tuesday last with the President in the chair.

After a reading of the 85 and 46 Psalms, followed by a prayer for guidance, the regular business of the meeting was discussed.

The progress of the work is most gratifying, though on account of the contagious diseases now prevalent in the community, there has been a decided falling off in attendance at both the Sunday and industrial schools.

The industrial school always suspends its work during the heated term, but on account of health conditions it was thought best to close a little earlier this summer. Saturday of this week being the last days work in this interesting department, until fall. The Sunday School will not be suspended, hoping that it will not be long until its usual attendance will be made possible.

The school is now self-sustaining, the largest number present any afternoon being 125.

Entire amount disbursed for the work during the month of May was \$86.79.

Cash for garments sold, \$5.35.

Calls made in the homes, 193.

Baskets of provisions given away 185.

Quite a little had been expended in a clean up campaign, after fumigating contagious illnesses.

Individual cases were brought up for discussion, as needing assistance, over the rough places occasioned by illness, or lack of ability to cope with conditions surrounding them.

Miss Hurd's resignation as co-worker with Mrs. Brock was read and accepted with regret.

Mrs. Brock's health continues to improve, so that she will be able to direct and assist the new worker, who will be engaged to fill the vacancy made by Miss Hurd's going into another line of work.

The Board adjourned to meet the first Tuesday in June.

OLD SETTLERS' REUNION

Historically Enjoyable Event To Be Held at Ruggles Camp Grounds July 4th

Speechmaking, Music, Patriotism and a Big Dinner Features

Now that Decoration Day is past, the end of the commemorative season is sight, and the coming of the "good old summer time" again, the thoughts of hundreds are upon the picnic time in the shady woodlands. Maysville is going to have the biggest and best Chautauqua ever, which will attract about every body in this "back to the woods," but for three or four thousand citizens and ex-citizens of Mason, Lewis and Fleming counties, when the Fourth of July comes there is but one place of supreme attraction—the Old Settlers' Reunion and Picnic held annually at Ruggles Camp Grounds. For more than a score of years this annual reunion and picnic has been held with increased interest and success each year. And why? Because it gives an opportunity to celebrate our Nation's Birthday in a safe and sane manner at one of nature's beauty spots. There under the shade of the trees the multitudes assemble to spend a day in good fellowship, renewing acquaintanceships, hearing some of the best speakers upon a great variety of topics of the day; hearing good music, and last but not least—enjoying a fine picnic dinner.

For a number of years Col. Wm. H. Thomas of Burlington has been the president of the Association. And he has always been on the job. He has never neglected an opportunity to make these reunions a complete success. For weeks he has been lining up speakers and entertainers for the coming Fourth. Last week he called a meeting of the officers at which time a program was outlined for the big day. Here is a partial list of what is in store for all who attend:

The Ewing Cornet Band will furnish music beginning at 9 a. m. and playing until the sun lies away in the west. Among the speakers of the day will be Congressman W. J. Fields, ex-Congressman S. J. Pugh of Vanceburg, Hon. James Humphrey and John P. McCartney of Flemingsburg; Rev. L. B. Wilhoite, Prof. T. J. Curry and L. C. Reynolds of Maysville, and Rev. W. H. Dickerson, District Superintendent of the Ashland District M. E. Church.

Col. Thomas also has the promise of ex-Governor J. C. W. Beckham, if he can so arrange his speaking dates, to be present on this occasion.

Mr. W. A. Plummer, aged 78, a former resident of Burlington, Ohio, now a resident of Portsmouth, Ohio, has promised to attend and to give a reminiscence talk recounting the changes that have taken place in the last fifty years.

Another interesting feature of these annual meetings is the meeting of the Board of Directors of the Camp Meetings Association to let out the privileges and to arrange for the campmeeting which follows in a few weeks.

A committee of ladies consisting of Mrs. O. O. Dodd, Mrs. W. H. Thomas and Misses Maggie Walker and Lulu Dodd, has been selected to attend to suitable decorations for the day.

If you want to spend a quiet day away from noise and bustle of the city, just make your plans to attend the Old Settlers' Reunion.

DEPUTY SHERIFF KILLS WOMAN.
Paris, Ky., June 3.—J. O. Marshall, deputy sheriff of this county, shot and killed Jennie Johnson, colored, at Rockersville, near Paris, about 1 o'clock this afternoon, in a row over the poisoning of some chickens.

DEATH BLOW TO THE FEDERAL FAKERS

Chicago, Ill., June 3.—The Cincinnati base ball club, and through it organized base ball, won probably its most important victory when Judge George H. Pool in the Superior court of Cook County made permanent the injunction restraining Pitcher George "Chief" Johnson from playing with the Kansas City Federal league club or any other team than the Cincinnati Reds. It is believed that the decision will completely stop all efforts by Federal league agents to induce players in organized base ball to jump to the new league. It also means, it is claimed, that owners of clubs can now feel secure that their teams will remain intact for the remainder of this season. Rumors of this or that star player planning to jump also will cease.

CHILDREN'S DAY.

It is well known that the Christian

churches of Mason County are support-

ing a missionary in China. The entire

salary of Mrs. Frank C. Buck is pro-

vided for by this county. With this

in view some of the Christian Sunday

Schools will take their missionary of

fering next Sunday morning. Any in-

dividual in these Sunday Schools who

gives \$1.65 will be given a definite date

as the day when they support the mis-

sionary. For that amount pays one

day's salary.

The Maysville Christian Bible School

is asking the different classes to give

the amounts as follows: Primary classes,

\$25.00; Junior classes, \$20.00; Miss

McDougle's class, \$5.00; Mr. Bowdler's

class, \$3.00; Miss Hanselman's class,

\$8; Mr. Scott's class, \$8; Mrs. Frazer's

class, \$8; Mr. Frank's class, \$25.00; Mr.

Stahl's men's class, \$40.00; Officers,

\$40.00.

No one in this or any other school is

compelled to give, though all are ask-

ed to do so if at all able. The enter-

tainment to be given by the children

on next Sunday morning will immedi-

ately follow the regular study of the

son. A full attendance of the church

membership is expected.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

SOMETHING ABOUT THE "SHA-TAW-KWA"

Program Lasting Seven Days Is Secured By Committee of Local Hinters.

What is a "Sha-taw-kwa"? Doubtless this question has been asked many times within the last few months. Very soon the question is to be answered by a platform demonstration.

It will be but a short time until the Redpath Chautauqua forces will arrive here, pitch their 90x130 ft. tent and settle down for a seven days' program of delightful entertainment. The Chautauqua is in the hands of a local committee who will have season tickets ready for those who desire to avail themselves of such choice entertainment.

The original Chautauqua was held in New York State more than forty years ago, but not until recent years has the movement become general. Today practically every community of consequence supports such a program.

Of the many special features to be introduced at the Redpath Chautauqua this summer, one of the most delightful will be "Joy Night." This will fall on the evening of the closing day, and at that time the Edwin R. Weeks Company will furnish a miscellaneous program fully up to the expectations of the most particular.

"Joy Night" is always a great event in Chautauqua towns. It is the grand finale of a seven-day program that increases in interest as the days go by.

ITEMS OF INTEREST.

The Methodist Episcopal Church has 221,651 white members in the South.

Billy Sunday claims there are fifty million unchurched people in the United States.

In Cairo, Egypt, there are about two hundred Christian schools, with a total enrollment of nearly 17,000 pupils.

The students and alumni of Princeton University support a Y. M. C. A. plant in Peking, China, their contributions during 1913 being \$9,580.

Thirty years ago the Southern Baptist Convention raised less than \$100,000 a year for foreign missions. The Baptists of the State of Texas have apportioned themselves \$100,000 for this cause this year.

In round figures, the women of the Methodist Episcopal Church South have maintained work among foreign-born people as follows: Cities and towns, 28; schools, 8; Wesley houses or other establishments, 13; organized clubs, 150; salaried workers, 104; volunteer workers, 269. Total cost, \$60,921.51.

WOMAN COULD NOT SIT UP

Now Does Her Own Work. Lydia E. Pinkham's Vegetable Compound Helped Her.

Ironton, Ohio.—"I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedies a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

Daughter Helped Also.
"I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks so healthy that even the doctor speaks of it. You can publish this letter if you like."—Mrs. RENA BOWMAN, 161 S. 10th Street, Ironton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

BETTER MARRY BEFORE JUNE 15.

On and after June the 15th it will be a more difficult proposition to get married than it is now. The new marriage certificate law goes into effect on that date which requires a complete record of the contracting parties before the license can be granted, including a health statement from both prospective bride and bridegroom, age of both, residence and place of birth, name of parents, occupation, whether single, widowed or divorced. If the clerk has any doubt as to the truthfulness of the age, health or occupation report of the contracting parties, he can require a bond in the sum of \$100. The minister or justice of the peace performing the ceremony is required to furnish the couple with the certificate of marriage.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakens a chain, so many weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. Annie McClellan, 541 W. Second St., Maysville, Ky., says: "I was often dizzy and nervous and my head ached. I had pain in my back and my kidneys were weak. Doan's Kidney Pills stopped the complaint immediately and made me well and strong."

Mrs. McClellan is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. McClellan had—the remedy backed by home testimony. 50c all stores. COLERIDGE TAYLOR CLUB

Unique Society Conducted in Chicago By J. A. Mundy, a Former Maysville Colored Boy.

The Coleridge Taylor club, J. A. Mundy, conductor, presented a program of music by negro composers last night in Orchestra hall before an audience that filled the upper portions of the auditorium. There were interpolations by the soloists, which represented Wagner, Chopin, Ovid Musin, Campbell, Tipton, Handel, Verdi, and others. But the moments of greatest interest for the patrons of the event as well as for the professional concertgoer, were provided by the examples of true negro music.

Will Marion Cook's "Rain Song," a sort of ballad, or narrative, for seven solo voices and chorus, is pure negro music. It has been influenced by the music of the white man only as it has made use of certain of the simplest formulas for elaborating melody. Other harmony, and in emotional content, it is quite unlike any other music in the world. In it may be traced the same elements that have been perverted in the popular music of the day. But the fundamental character is different.

This was not true of the compositions by Mundy, which seemed to have been copied after models that have served a recent generation of anthem writers. Nearer to the true negro idiom were the plantation songs of N. Clark Smith.

Young Mundy is a native of Maysville and son of the late Sam Mundy. His mother now resides with him in Chicago.

LUKE McLUKE SAYS.
Every now and then Father will vent his mean disposition on the children, and then sneak out of it by talking about "Discipline."

Another reason for the High Cost of Living is that every family has a few children who have to be paid a regular salary to take medicine.

You never can tell. Sometimes the relative who comes to visit you and has nothing but a pasteboard grip for baggage will stay longer than the one who brings four steamer trunks.

Of course there is no harm in getting full of rattlesnake oil and going out on a Joy Ride. But we have noticed that most of the undertakers are spending a lot of money putting new trunks into their establishments.

The Pleasure of Eating—
Yes—but far more important is the effect of food on body and brain.

Grape-Nuts

is not only a delightfully appetizing food, but is remarkably rich in nutritive value.

Made from whole wheat and barley, Grape-Nuts retains all the nutrition of these grains, including the mineral salts—phosphate of potash, etc.—so necessary for growth and repair of the delicate brain and nerve tissues, but which are so often lacking in ordinary food.

Ready to eat from the package, with cream or milk and a sprinkling of sugar.

A ration of Grape-Nuts along with other food helps wonderfully to provide a well-balanced dietary.
